

P3 have all thoroughly enjoyed their project on Bananas and Fair-trade.

We all worked together to produce this fantastic wall display.

Maths

The children have been working very hard learning how to multiply and divide and have learned the 2,3,4,5 and 10 times tables.

We have also been working on data handling and they learned how to conduct a survey and prepare a bar graph showing their favourite fruit.

Writing

The children have developed many writing skills via their topic,

They wrote letters to Tesco's, created posters about Fair Trade, produced some imaginative writing and wrote a recount of their trip.

Global Citizenship Week.

P3 were delighted to take part in Global Citizenship Week. They especially enjoyed the show by Mr Eco, who visited our school and then showed themselves to be very responsible citizens when they took part in Litter Picking with P6.

What I have enjoyed most about my learning this term:

"The Banana Baking!
We had to "squish" the bananas. They looked disgusting. but we made muffins which tasted amazing."
by Neve.

I liked the trip to Tescos. They told us where they get Bananas from and showed us how to peel a banana the way the monkeys peel them.
By Charlie

We made banana smoothies. We had to put in bananas, yoghurt and ice. We drank them in the Willow Tunnel.
By Ella M

I enjoyed making the Fairtrade posters. They were fun to make and really colourful.
By Matthew.

I like doing the bar graphs.
By Imogen.

I loved learning the five times table, our Banana Assembly, getting a Goodie Bag from Tescos and learning how to peel a banana properly, the Andy Warhol art work which we did, the bar graphs about our favourite fruit, learning about Martin Luther King and the Times Table Egg Hunt.....
